**AMENDED NOTICE OF FILING PETITION TO COMMENCE
GENERAL ADJUDICATION OF WATER RIGHTS
CASE NO. 89576
IN THE DISTRICT COURT OF THE FIFTH JUDICIAL
DISTRICT OF THE STATE OF IDAHO IN AND FOR THE
COUNTY OF TWIN FALLS**

IN RE: THE GENERAL ADJUDICATION OF RIGHTS TO THE
USE OF WATER FROM THE KOOTENAI RIVER BASIN WATER
SYSTEM

The previous Notice of Filing Petition as published by the Idaho Department of Water Resources has been updated pursuant to the March 27, 2025 Order Granting Joint Motion for Extension issued by the Idaho Water Adjudications Court. The date of the commencement hearing on the Petition has been reset as indicated below.

TO: ALL PERSONS OWNING RIGHTS TO THE USE OF WATER
FROM THE KOOTENAI RIVER BASIN WATER SYSTEM

YOU ARE HEREBY NOTIFIED that the State of Idaho, by and through the Office of the Attorney General for the State of Idaho, filed a Petition to Commence Kootenai River Basin Adjudication to commence a general adjudication of water rights from the Kootenai River basin water system on January 3, 2025, pursuant to Idaho Code § 42-1406D. A hearing on the Petition (called a commencement hearing) has been scheduled to begin on July 15, 2025, at 1:30 p.m. Pacific Time (PT). The hearing will be conducted via Zoom from the Snake River Basin Adjudication Courthouse in Twin Falls before the Honorable Eric Wildman. Instructions to join the Zoom hearing are attached to this Notice.

The purpose of the adjudication is to determine all rights arising under state or federal law to the use of surface and ground water from the Kootenai River basin water system. THE PURPOSE OF THIS NOTICE IS TO DESCRIBE BRIEFLY THE PETITION AND TO INFORM YOU OF THE MATTERS TO BE DETERMINED BY THE DISTRICT COURT AT THE COMMENCEMENT HEARING; NOTICE WILL BE GIVEN AT A LATER DATE AS TO WHEN AND WHERE TO FILE YOUR NOTICE OF CLAIM TO A WATER RIGHT.

The Petition asks the court to enter an order (called a commencement order) starting a general adjudication of the Kootenai River basin water system, authorizing the Director of the Idaho Department of Water Resources (Director) to investigate all uses of water from the water system and prepare a report of water rights, and directing all claimants of water rights from the water system to file a notice of claim to a water right with the Director unless claimants elect to defer the adjudication of domestic and stock water rights as defined by Idaho Code § 42-1401A(4) and (11).

The Petition asks the court to determine the boundaries of the water system to be adjudicated in this action. The Director proposes to adjudicate that portion of the Kootenai River basin within the state of Idaho. A map illustrating the Kootenai River basin water system and the proposed boundaries of the water system to be adjudicated is included in this Notice.

The Petition lists the counties within the proposed boundaries of the water system and states that a portion of each county is within the proposed boundaries. There are no counties wholly contained in the proposed boundaries.

The Petition asks the court to require persons holding a permit for which proof of beneficial use was filed on or prior to the date the commencement order is issued to file a notice of claim.

The Petition asks the court to enter an order establishing a procedure to defer the adjudication of domestic and stock water rights as defined by Idaho Code § 42-1401A(4) and (11). The Director's proposed process for the deferral of domestic and stock water rights is presented below.

The Petition asks the court to approve the manner in which the Director proposes to conduct the second round of notifying claimants of their duty to file a notice of claim. The first round of notice is described in Idaho Code § 42-1408(2)-(3); the second round of notice is described in Idaho Code § 42-1408(4).

In response to the Petition, the district court will determine the following matters, among others:

- a. The boundaries of the water system;
- b. Whether the boundaries of the water system as proposed by the Petition are in compliance with the terms of the McCarran Amendment;
- c. Whether the proposed deferral procedure (below) for the ad-

All claimants of de minimis (small) domestic and/or stock (D&S) water rights as defined in Idaho Code § 42-1401A(4) and (11) shall be joined as parties in this proceeding and shall be bound by all decrees entered in this case, including the final decree. Any objection to any and all claims being adjudicated in this proceeding, including those of a D&S claimant, must be timely raised in accordance with Idaho Code § 42-1412 or be forever barred.

Water users of D&S rights may elect to file a Notice of Claim at the time of commencement of the Kootenai River Basin Adjudication or defer (postpone) the filing. If a D&S claimant elects to have the claim adjudicated now, then the D&S claimant must file a Notice of Claim (Idaho Code § 42-1409) and pay any fees (Idaho Code § 42-1414). Deferral will not result in a loss of the D&S water right nor will a D&S claimant be prevented from making a D&S claim in the future. The owner of a D&S water right who chooses to defer the filing of a Notice of Claim will be required to have the water right adjudicated prior to the water right being distributed by a watermaster (Idaho Code § 42-607) and/or before an application for change of the water right may be filed with IDWR (Idaho Code § 42-222).

Water right holders who choose to delay filing on D&S water rights will be required to file a motion for determination of the use (motion), with an attached notice of claim, in order to obtain an adjudicated water right. Notice of the motion and information describing the claim must be published by the claimant for at least three (3) weeks in a newspaper of general circulation in the county where the point of diversion is located. In addition, claimant must serve the motion and claim on the Director, the State of Idaho, the United States, and persons against whom relief is sought. Service upon the United States must be via certified mail to the United States Attorney for the District of Idaho and the United States Attorney General in Washington, D.C.

Any party can object to the claim by filing written notice of the objection with the district court within forty-five (45) days from the date of the first publication of the notice. A copy of the objection shall be served on the State of Idaho, Director, United States, the person whose claim is being objected to, and all persons who have appeared in response to the motion.

Within thirty (30) days of the objection deadline, the Director will file a notice with the court stating whether the Director will examine the deferred D&S claim and whether the Director will prepare a report on the claim to the district court. The Director's notice will contain the Director's estimated costs, due from the claimant, for examination of the claim and preparation of the report. The notice will also contain the Director's approximation of time for filing the report. Prior to filing the report, the D&S claimant shall pay the balance of the Director's costs or be refunded by the Director any unused advanced estimated costs. If the D&S claimant contests the Director's costs, the district court shall determine a reasonable cost to be paid by the claimant. Deferrable domestic claimants are also required to pay their own filing fees. The Director will investigate the claim and submit the report to the court with copies to the State of Idaho, United States, all parties who filed objections, and all parties against whom relief is sought. The court will then set objection and response deadlines and set a hearing (Idaho Code § 42-1412).

If the Director notifies the court that the Director does not intend to prepare a report, then the district court will proceed with a hearing and any party who timely objected may appear and challenge the D&S motion and claim. The district court may order the Director to prepare a report after a hearing on the motion and D&S claim.

Proof of service is required for any motion under this deferred procedure. Claimant must certify the date and manner of service of the motion on the State of Idaho, the Director, the United States, and persons against whom relief is sought.

Appeals of any orders or decrees entered under the deferred procedure are governed by the rules applicable to appeals of orders in the Kootenai River Basin Adjudication.

The district court retains continuing jurisdiction of the subject matter in this proceeding and the parties to the proceeding for the purpose of adjudicating deferred D&S claims.

judication of domestic and stock water rights as defined by Idaho Code § 42-1401A(4) and (11) is in compliance with the terms of the McCarran Amendment;

- d. Any other uses of water excluded from the adjudication proceedings; and
- e. Any other matter raised by the Petition.

THE DISTRICT COURT WILL HEAR EVIDENCE AND ARGUMENTS FROM ANY PERSONS IN RESPONSE TO ANY MATTER RAISED BY THE PETITION. ANY PERSON WISHING TO PRESENT EVIDENCE OR ARGUMENT AT THE COMMENCEMENT HEARING MUST COMPLY WITH CERTAIN PROCEDURES ORDERED BY THE DISTRICT COURT. The procedures are set forth in the Order Setting Commencement Hearing and Procedures for Hearing, issued by the district court on January 9, 2025.
